December 7, 1995.

Take notice that on December 1, 1995, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume

No. 1, the following tariff sheets to become effective January 1, 1996:

Eleventh Revised Sheet No. 8A

Sixth Revised Sheet No. 8A.01

Third Revised Sheet No. 8A.02

FGT states that Section 27 of the General Terms and Conditions (GTC) of its Tariff provides for the recovery by FGT of gas used in the operation of its system and gas lost from the system or otherwise unaccounted for. The Fuel Reimbursement Charge established pursuant to Section 27 consists of the Current Fuel Reimbursement Charge and the Annual Fuel Surcharge.

The Annual Fuel Surcharge is computed for each twelve-month Recovery Period beginning each January 1 and is designed to refund or collect, on an in-kind basis, the balance of the Deferred Fuel Account as of the preceding August 31. On May 1, 1995 FGT filed in Docket No. TM95-5-34 to adjust its initial Annual Fuel Surcharge to include volumes recorded in the Deferred Fuel Account between September 1, 1994 and February 28, 1995. This was done, in part, to segregate the balance in the Deferred Fuel Account related to pre-Phase III expansion activity from any of FGT's Phase III expansion was placed in service on March 1, 1995.

Pursuant to Section 27 of the GTC of its Tariff, FGT, is filing herein to revise the Annual Fuel Surcharge to be effective January 1, 1996 to recover the net under recovery of fuel volumes recorded in the Deferred Fuel Account between March 1, 1995 and August 31, 1995. The Annual Fuel Surcharge now will be applicable to all market area shippers on FGT's system, including shippers under FGT's Rate Schedule FTS-2.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations.
